REPORT OF WATER COMMISSIONER

L. F. Parker

There is little for the water commissioner to report for 1942. Most of the work on the water system has been just routine labor, and there has been little need for repairs. With the increasing difficulty in getting new materials this has been very fortunate.

The only new job of any consequence was the Edward Temple line on which the labor was about \$200.00. The annual cleaning of both reservoirs, on which three days were spent, cost \$140.00.

Again I want to recommend that in the spring householders check their faucets and so save water in the event of another dry summer.

Total amount expended	\$ 915.93

J. H. Fadden & Son, roofing supplies	8.10
John O'Brien, labor, bandstand	6.00

	\$ 137.60

Above expenditure represents cleaning up parks in the spring, spading flower beds, planting, fertilizing, mowing grass in both parks, on the ski slope and trail. The road leading to the ski slope was shaped up and some rocks were removed. New roofing was put on the band stand.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the School District of Woodstock:

The ninth report of the present Superintendent of Schools is hereby submitted and makes a part of the report of the School Board. In the interest of Conservation and economy it is brief.

There was an entire turnover in the staff of the High School at the end of the year. Cecile Guay resigned during the year and Headmaster Thompson and Grace Blanchard accepted positions elsewhere. Although here but a short time Headmaster Thompson contributed a great deal of good to the school through efficient administration and high scholarship.

The Board was very fortunate in appointing Vladimir L. Leskowitz Headmaster of the High School. Owing to the war conditions it is extremely difficult to fill positions usually held by men. Mr. Leskowitz's experience has been in the elementary field, but he has done summer school work and is handling the situation well both as to administration and instruction. Clarence Rowe is the teacher of Commercial subjects and history. He has had experience and is thoroughly competent. Frances P. McCushing, a graduate of Keene Teachers College in June 1942, teaches French and English. She is enthusiastic and has a good prestige with the pupils. Her scholarship and discipline are excellent.

Lawrence Perkins of the Grammar room asked to be released from his contract to accept a more responsible position. The work of the year was completed with substitutes. Mrs. Annie Kelley is now in charge of this room. Mrs. Kelley has had experience in Maine and the work of these grades is motivating well. Merial Smith left at the end of the year and Jean Carr of Plymouth appointed to this position. Miss Carr graduated from the Plymouth Teachers College in June 1942. Jane Guyer who made a splendid start in Music Supervision accepted a more lucrative position in an-

other district in the state. Violet M. Nardone of Newton, Mass., was secured to fill this position in conjunction with other districts in this supervisory union. She has studied music at Boston University and New England Conservatory of Music.

The Woodstock building may well be painted this summer. Since the last report a fire escape has been installed so that the people in the Grammar room have an extra exit.

The school teachers, school board, and other public spirited people have cooperated splendidly in the administration of the various registrations required by the federal government. It has taken many hours of tedious work in addition to the regular daily routine. Acknowledgement is also made of the interest and helpfulness of the Ration Board.

The school children put on a very successful Scrap Collection for the war.

Respectfully submitted,

ALLAN M. McCURDY,

Superintendent of Schools.

Report of Headmaster

Woodstock High School
North Woodstock, N. H.
February, 10, 1943

Mr. Allan M. McCurdy
Superintendent of Schools
Plymouth, N. H.

Dear Mr. McCurdy:

I hereby submit my first annual report of Woodstock High School.

School began on September 9, 1942, with an enrollment of 38 students. At the present time there are 34 students distributed as follows: 4 seniors, 11 juniors 13 sophomores, and 6 freshmen.

The effect of the war is distinctly felt in the school. The shortage of help, call of the armed forces, rationing, and scrap drives, all have left their mark on our school system.

In line with the demands of war the school has participated in a very successful scrap drive. Twenty-five tons of scrap were collected and shipped to steel mills which netted the high school \$120.00 and the elementary school \$80.00.

Our girls are making bandages for the Red Cross, and many work in private homes after school. Our

boys have had innumerable opportunities for work and have been key workers in keeping our streets cleared of snow.

In addition Victory Stamps are sold weekly in the school, and the Victory Corps program has been organized. The purpose of the Victory Corps is to offer opportunities for each student to have a definite part in the war effort.

Owing to the war our interscholastic sports program has been curtailed. In its place we have substituted an intramural program and the participation on the part of the students has been excellent.

An excellent play under the direction of Miss McCushing was given for the benefit of the Senior Class fund. Socials, sponsored by the various classes, have been held at regular intervals. Enjoyment and development of good manners are the aims of the socials. A large number of students were found to be unable to dance so regular classes were held in the fall.

The main objectives of the educational staff are to aid students in becoming good citizens, develop a feeling of responsibility to society, and develop definite aims beyond high school.

Respectfully submitted,

VLADIMIR LESKOWITZ,
Headmaster.
